Aerial Work Platforms

More than 60 years of experience!

Key Features:

- * Max. working height*: 8 m
 - * Max. Cage floor height*: 6 m
 - * Platform dimensions*: 2.2 m × 1.0 m
 - * Dimensions extendable platform*: 0.5m x 1.0m
 - * Max. payload: 300 kg
 - * Control: proportional
 - * Max 2° tilt
 - * GVW: min. 3.5-5t
- *Depends on vehicle-type, GVW, outrigger-construction, platform-payload, others

Reach New Heights with Ease

Our compact vehicle-mounted scissor lift is designed to give you maximum working flexibility without compromising on mobility. Built for vehicles from 3.5 to 5 tons, it combines practicality with performance.

Step safely onto the spacious platform via the easy stair access behind the cabin and experience smooth, intuitive handling with fingertip joystick controls. The platform can even be extended to give you that little extra reach when the job requires it.

Stability is assured by four powerful hydraulic outriggers, making every job secure and reliable. Whether for maintenance, installation, or urban projects, this lift is simple to operate, easy to transport, and always ready to go where you need it most.
