MAINTENANCE DOCK FOR AW139 / AW189
Precision Engineered. Safety Assured.
Maintenance Made Easy.

Increase the efficiency and safety of helicopter maintenance with our custom-designed dock system for the AW139 and AW189. Built to deliver quick, stable, and secure access to all essential service points, this system includes:

- Left-Hand Work Platform
- Right-Hand Work Platform

* Safe & Convenient Access

Both platforms feature lightweight aluminium stairways and a non-skid Carrosply floor, ensuring safe footing and easy movement throughout maintenance operations.

* Precision Leveling System

Each dock is equipped with support wheels and adjustable spindles, allowing for exact height adjustment and a perfect fit around the aircraft—on any surface.

* FOD-Free & Aircraft-Friendly

Engineered for aviation environments, the dock has a FOD-free design and includes protective rubber fittings to prevent accidental contact damage.

* Durable for Any Environment

Whether you're in the hangar or out on the ramp, the stand's robust materials and indoor/outdoor compatibility make it a reliable choice for every situation.

Fast. Functional. Fit for Purpose.

Get the dock that keeps your AW139 / AW189 in top-flight condition.
